ISLAMIC COLLEGE
OF BRISBANE

Islamic College of Brisbane Annual Report 2019 (Based on 2018 data)

Descriptive Information

School Sector:

Independent

School's Address:

45 Acacia Road, Karawatha QLD 4117

Total Enrolments:

1105

Year Levels Offered:

P-12

Co-educational or Single Sex:

Co-educational

Characteristics of the Student Body:

The students come from a wide range of backgrounds. Almost all of the children are from lower socioeconomic and non-English speaking backgrounds but most have been born in Australia. There are 603 girls and 502 boys in the college.

Extra-curricular Activities:

Primary School was involved in many extracurricular activities like Ramadan activities to capture the spirit of Ramadan, Quran Competition, Hajj Simulation, Arabic Spelling Bee competition – Year 6 Class Science Investigation Day, Under 8s Day, Celebrate Numeracy Week, & Mark Water/Environment Week.

Secondary School has created a Futsal Academy (boys and girls) and a Netball programme playing in the local club competition and partakes in a number of carnivals. The environmental team of 'Ecowarriors' provides a focus for students to discuss and take action on local and global concerns.

Social Climate:

At the Islamic College of Brisbane, we are committed to making a safe environment by developing authentic relationships between students, parents and staff based on care, mutual respect and open communication. It is expected that students will be self-motivated and self-disciplined and conduct themselves in a mature manner at school. Conduct should be in line with the acceptable code of public behaviour and also in accordance with Islamic etiquettes. The cornerstone of Islamic etiquette are respect for the dignity of all those around you. At ICB, behavior is managed by promoting and rewarding positive behavior, using proactive behaviour prevention strategies, & using Restorative practices where possible.

Years 7-10 take part in an annual Well Being Survey (School of Positive Psychology at Melbourne University). The data from this survey is used to review our well being offering (via scheduled pastoral care lessons) and to plot progress.

The Behaviour Management Policy has been revised and is now called the Positive Behaviour Policy and includes a significant restorative justice element. Regular workshops (Cyberbullying, social behaviours etc) are delivered by external agencies. Each Secondary Year Level now has a full day focussing on leadership.

Parental Involvement:

We believe children's learning and their overall education is enhanced by the partnership between the school community - with children, parents and teachers working together and sharing in all aspects of school life.

Parents/carers play an important role in our school and are a vital part of our school community. We welcome Parents/carers and acknowledge their support and contributions helping at sports days, school fete, under 8's day activities, supporting the teacher in the classroom by listening to reading, helping in the Library, supporting special occasions by going on excursions and camp.

Parent, Teacher and Student Satisfaction with the School

Where schools already undertake yearly surveys or studies of parents, students and teachers for the purpose of marketing and school improvement, it will involve preparing a relevant report, in plain English, on the findings of those surveys or studies.

If a school does not currently undertake any such studies or surveys, consideration might be given to such a project; or alternatively, the school should consider any other data or information that it may have which could be the basis of a report on parent, student and teacher satisfaction. For example, letters and testimonials from parents; enrolment retention rates over time; increasing enrolments over time, teacher retention rates over time.

A description of how non-attendance is managed by the school:

Islamic College of Brisbane collects attendance data on a per period basis via Teacher Kiosk to ensure an improved standard of care for our students. This has been facilitated via a School Management System called Tassweb software hosted by our school. If the student is not present, parents are informed via an SMS message and a request made for an absentee reason. In the case of no return from the parents then the system generates a letter which is posted to the parents.
